

Light Cone

18 cm x 18 cm
7" x 7"

Light Cone is on a 1/2" panel. The paint / resin layer is 1/2" thick with a glossy resin top layer. The painting consists of three paint and three resin layers. The build up of these layers is a bit organic as can be seen in the image above. The finish resin layer was allowed to "roll over" creating a soft rounded edge that distorts light.
